## Irving educator named as new superintendent

An assistant superintendent of schools from Irving was named Tuesday by the Canyon Independent School District board to replace Jerry Jacobs as superintendent.

Dr. Sam E. Thompson began work immediately. Jacobs is due to leave as quickly as work on the school bonds is finished.

Thompson's appointment was announced at the beginning of the board meeting, although an executive session had been listed on the meeting agenda.

He was hired with a three year contract, renewable each year, with an annual salary of \$29,750 plus a yearly car allowance of \$1,800.

The board listened to a summary of the self-evaluation mandated by compliance to the federal funding program Title IX.

Administrative assistant Willie McAlpin told the board that the schools complied in most

cases to the rules that prohibit discrimination between the sexes.

McAlpin cautioned that cor-

—heard a report on Title IX

—approved an athletic budget

They delayed a decision on Title IX compliance, to include hair lengths, until August 17.

ly applied to both boys and girls.

poral punishment must be equal.

The board delayed consideration of the toughest of issues, the dress code that regulates the length of boys' hair but not girls.

"If we intend to comply, we should think about deleting that from our code," McAlpin said.

The board agreed to consult principals and the new superintendent and consider the question on August 17.

The hair regulation has been a sore spot for years here.

The school district must notify federal officials by September 30 if they intend to comply.

Board president Tom Keeling

told members he had sent a letter to the City of Amarillo asking

them to pay for the cost of installing oversize water and sewer mains to the new elementary school site.

The board had allowed only

\$90,000 for utility extension and a new estimate on the cost of extending the water and sewer lines amounted to \$180,280. Of that \$76,613 would pay the cost of oversized mains.

Keeling said he did not know if the Amarillo city commission had considered the request yet.

Five bids have been received for the new elementary school building, Keeling said. Bidders so far are Reid and Gary Strickland Company; Ramey Construction Company; Wiley Hicks, Jr.; Page and Wirtz Construction and Panhandle Engineers and Constructors. Bids will be opened August 17.

The board approved an athletic budget of \$51,850, up 14 per cent over last year.

Athletic director Deane Wright said the new budget more accurately reflected present costs.

School board president Tom Keeling and new school superintendent Dr. Sam E. Thompson confer following the board meeting Tuesday night. Dr. Thompson's appointment was announced at the beginning of the meeting.

It rained!

## Grand jury clears museum, delays probe of county

A no bill was returned by the Randall County Grand Jury Monday concerning any possible irregularities about the Panhandle-Plains Historical Museum. The jury also returned three indictments and continued the investigation on the creation of the position of administrative assistant by the Randall County commissioners.

The jury no billed Dr. James Hanson, who is the former director of the Museum, after having considered some alleged irregularities in the finances. District Attorney Randall Sherrod had been notified by the state auditor's department and West Texas State University to investigate any possible misappropriation. The grand jury released a statement saying, "The Randall County Grand Jury is completely satisfied that Dr. Hanson together with his staff are innocent of any wrongdoing."

The jury did not reach a decision about any violations of

the Texas Open Meetings Law concerning the hiring of Carroll Wilson as an administrative assistant to the county commissioners court. Sherrod had earlier said that it appeared the commissioners created a new position for which no specific duties were listed, that is found in only a few Texas counties, that was filled before the public even knew it was being considered and that the public had little opportunity to voice an opinion.

Sherrod said that there are a number of cases in which the open meetings law could be applied if there ever was a situation that called for it, that this was it. Wilson was hired by the Randall County Commissioners on July 19 to become the county's first assistant to the commissioners court after they had met in executive session to discuss the position.

The three indictments returned included Tim Reece on burglary of habitation with intent to com-

mit theft; William Howard Morgan on possession of more than four ounces of marijuana

and Monty Earl Waits on burglary with intent to commit theft.

## We're fifth in beets

Randall County farmers placed fifth in 1975 Texas sugar beet production with a crop of 23,500 tons, according to figures released last week by Agriculture Commissioner John C. White.

The figures indicate local farmers harvested 1,750 acres with an average yield of 13.4 tons per acre.

County Agent John Brazzil said last year saw an expanded acreage of sugar beets primarily in western portions of the county due to the high prices being paid for sugar at that time.

He said it is likely this summer's crop acreage is about equal to that planted and harvested in 1975.

Only a handful of farmers near the Umbarger community annually grow sugar beets.

Planting for the 1975 crop began in mid-March across the state and was completed at the end of April. Harvest began in late September and was completed by mid-December.

Castro County led the state in sugar beet production with 161,500 tons.

Randall County farmers dropped out of the top 10 spot in grain sorghum production and wheat production in 1975 because of light

(See BEETS, page 7)

## Independent auditor chides county for overspending

County commissioners listened stoically Monday to an independent auditor's report showing the county \$95,205.49 in the red last year.

County balance went from \$211,000 on Jan. 1, 1975 to \$48,000 at the end of the fiscal year in December.

"You can't afford to have another year like that," auditor Bill Francis told the court. "You need to adhere to your budget with a little more enthusiasm."

Earlier in the meeting in a public hearing that lasted roughly 30 seconds, the commissioners gave final approval to a record almost \$2.3 million budget.

County judge Woody Pond opened the public meeting and invited questions. No one interested in the budget attended the hearing so, after the judge had waited for comments, the public meeting was closed and commissioners voted.

This was the third time the budget had been aired in public.

The commissioners next took up the problem of multi-legged pests in the new courthouse annex. After hearing a report that spiders, ants and roaches had the run of the new building,

commissioners agreed to add to an extermination contract with Orkin to include the new building. The yearly cost is about \$250 for the new building.

New county road superintendent Herb Hilliard asked to promote to foreman, crewman Donald Batenhorst and discussed anti-freeze and tires with the commissioners.

Anti-freeze will cost about \$3.77 a gallon, Hilliard reported and the county will need from 20-25 cases this winter.

Hilliard also suggested using retread tires on county vehicles to cut costs. The retreads are safe and durable, he said.

Commissioner Paul Lindsey

reported that he had met with developer A.W. Lair over Lair's plans to hard surface a caliche road from the VFW road into Canyon North. The base is satisfactory, Lindsey said.

Pond informed the court that the county had \$26,592.25 coming from the state from the lateral road improvement fund.

They approved payment for home extension agent Becky Hall to attend a state meeting of extension agents in Kerrville and agreed to lend one of the county's water tankers to WTSU. Lindsey reported that the university needed the county truck until

repairs were finished on the WT truck. The water truck is used to prepare the stadium turf.

The commissioners approved the hiring of four county employees. A relief dispatcher will be hired at the sheriff's department and three clerks will be assigned to the tax assessor's office.

They approved the purchase of eight docket books at about \$180 each for two justice of the peace offices and they assigned new administrative assistant Carroll Wilson an office on the second floor of the old courthouse next to the justice of the peace.

County commissioners postponed:

Levi Cole is dead. Mr. Cole, a banker, art connoisseur, philanthropist, Boy Scout leader and gardener extraordinary, died at 7:30 o'clock Wednesday morning.

Death came in St. Anthony's Hospital in Amarillo following a long illness. He was 73 years old. The family home is at 1111 Eighth Ave.

Mr. Cole had been a banker here in Canyon for more than a half century having started his career at First National Bank in 1923. Among his other duties at that time was sweeping out the bank building and tending the furnaces in the winter time.

Three decades later he was elected president of the bank and in 1967 he was named chairman of the board.

At the close of business Dec. 31, 1923 First National's deposits came to \$282,449.23. Most recent statement of the bank's condition dated July 15, 1976 showed deposits in excess of \$31 million.

Levi, as he was affectionately known, had a wide knowledge of both the business and agricultural interests of the community and acted as adviser and banker to many of those who sparked the development of the area.

Mr. Cole first came to Canyon to represent Lockney in the mile run in a track meet.

Mr. Cole was a member of First Methodist Church, past president and member of the board of Panhandle-Plains Historical Society. Member of the Randall County Historical Survey Committee, past president of Canyon Chamber Club, past director of the Chamber of Commerce, member

of the Masonic Lodge, former Scoutmaster, former member of Canyon Rotary Club, former volunteer fireman, treasurer of Dreamland Cemetery Association since its beginning in 1967, and past chairman of the American Heart Association, and past member and chairman of the board of the Randall County Chapter of the American Red Cross.

His interest in the fire department also was a lasting thing. He contributed the plaque inscribed with the names of the members for the new fire station.

He and Mrs. Cole maintained a greenhouse and he was a horticulturist of no small ability.

A dahlia which he developed bears his name.

His devotion to Panhandle-Plains Historical Society and Museum spanned more than 30 years. He was benefactor member of the society.

He was a stamp and coin collector and was a tennis player of some ability in his youth.

He was considered an authority on art.

First National Bank and West Texas State Bank will close in Mr. Cole's memory at noon today (Thursday).

Funeral services will be held at 3 o'clock this afternoon in Canyon First Methodist Church with Rev. Bill Kent, pastor, officiating. Burial will be in Dreamland Cemetery under direction of Schooler-Gordon Funeral Home.

Survivors include the wife; a brother, James, of Rogers, Ark.; and a nephew, Bob Cole of Irving, Tex.

The family has requested that memorials be sent to the Heart Association or a favorite charity.

City police are investigating.

Shoppers have ripped off more than \$1,000 worth of citizen band radio equipment at Byrd Pharmacy during the past week.

Owner J.D. Byrd Tuesday said he has lost four citizen band sets valued at about \$1,120 since last week.

He said shoppers made off with two sets valued at \$419.95 each shortly after noon Saturday. One set valued at \$139 was taken some time last week and Byrd said an inventory check Sunday afternoon revealed the loss of a fourth set valued at \$159.95.

City police are investigating.

That strange stuff dripping from the pine needles has been identified as rain.

## Brand switch pleases rancher

The controversy over a brucellosis eradication program involving the Happy Hereford Breeders' effort to retain the "S" brand used by the ranch since before 1900 may soon come to an end.

Nolon Henson said that while he was in Washington fighting the issue that he talked to Congressman Jack Hightower and Ivan Sinclair. After the talk he found out that the United States Department of Agriculture is to make a recommendation in November of moving the S brand back on the tail head for all cattle exposed or endangered by brucellosis, a dreaded cattle disease. Henson

added that it was a slow process.

The problem started when the United States Department of Agriculture's brucellosis eradication guidelines called for the use of an "S" brand on the left jaw of any breeder or feeder cow from an exposed herd moving out-of-state. However, the Happy ranch has used the "S" brand on the left jaw for three quarters of a century.

Cattle with an "S" brand on the left jaw, under the USDA brucellosis program, can move out-of-state only to slaughter or a quarantined feedlot.

Earlier the USDA said it would either issue a certificate to the

(See BRAND, page 7)

## Rain aids dry crops

Slow, welcome rain that fell here Monday afternoon and night will help out farmers who are entering a critical crop period, but more moisture is needed, county agent John Brazzil said.

Rain at Umbarger measured three and a half inches said Louis Raef and he has heard of some farmers in the county who received as much as four inches.

The heaviest rains came about 4 p.m. but the showers continued all night.

At Palo Duro Canyon State Park, only .98 inches of rain fell but it was enough to cancel the evening's performance of TEXAS for the first time this season.

Canyon recorded an inch of rain.

Brazzil said the rain, the first in weeks, came at a good time for agriculture. The wheat crop will be planted in about three weeks and good subsoil moisture is needed for the dryland crop.

Brazzil said more rain is needed now to soak into the subsoil.

The rain is good also for irrigated crops, he said. Corn and maize sorghum are in their maximum growth period and irrigation has not been able to supply enough moisture, he said.

"Farmers were losing ground in providing enough water for their critical growth," Brazzil

(See RAIN, page 7)

# Donation to park spurs action

By PAT ALTHEN

A Tuesday announcement of a land donation, coupled with progress being made toward a park master plan, moved city parks and recreation board plans for Southeast Park closer to realization.

A major item on the agenda of the board meeting was Buddy Taylor's presentation concerning a donation of land for the park.

The addition to the park was donated by Taylor-Foster Development, Inc., consisting of Mrs. Hosea Foster, Mr. and Mrs. Jack Taylor, Mr. and Mrs. Wilford Taylor, Jr. and Dr. and Mrs. Lindsey Taylor.

The board then made further decisions concerning the master plan and voted to submit a drawing Saturday to Sandor Nagy.

Nagy, retired parks planner of Amarillo, will "put on paper what the board has decided to develop and add flair and dimensions to the ideas," said city administrative assistant Kevin P. Evans.

Drawing of the master plan is necessary for the city to make application for state and federal funds for the recreational facility. The drawing should include everything ever to be a part of the park, said Evans.

Proposals to be incorporated into the plans include a possible brick entryway, suggested by Phillip Langen as something that will draw attention to the park. Mrs. A. L. Crossland agreed an entry would be appropriate.

Board members are also investigating the possibility of redirecting the sewer into a lake on the donated property. Water would drain into the lake and from there into the creek. This could eventually mean filling a lagoon on the park site to provide additional open space within the area. The sewer now drains into the lagoon area.

Board Chairman George Ritter advised adding to the plans a storage facility near the baseball diamonds. Another proposed change is fencing along the road, a result of Virginia Cotton's suggestion to keep children in the playground area back from the street.

Also discussed were lighting for the park, the location of a restroom/concession building, a road to the lake bed and a bandstand or small amphitheater that could be used by drama groups or for concerts. Members advised planting trees native to the region that can be maintained easily.

Ritter and Evans were optimistic that the board will meet its deadlines in submitting plans for the proposed park. Evans commented, "What we need now is donations: of money, time and material, whatever anybody has to give... if we can use it, we'll take it."

Materials needed include 2" pipe, cross-ties and cable, and the board could use volunteers for building playground equipment. "George Ritter has done everything so far almost single-handedly," said Evans. He noted that the parks and recreation board members are all particularly busy citizens who have devoted much time and effort to this project and could use more public support and help.

The city expects to apply for a two-year grant of \$25,000 per year to be matched equally with city funds. The funding system is designed particularly for smaller cities in the state.

With new assistant

## Deck the (county) hall

Once the county commissioner's court got an administrative assistant, they didn't know quite what to do with him.

Carroll Wilson, who began work Monday as the first administrative assistant, spent most of his first day standing around in the hall at the courthouse.

Most of the commissioners stood around with him however, because Wilson's first day on the job was marked by an investigation by the grand jury into the legality of the position.

But, aside from the investigation, the commissioners did not assign an office for Wilson until late afternoon at the end of the commissioners court meeting.

They decided to quarter him in an office in the old part of the building and began looking for an extra desk. That office is occupied now by John Dorsey, but commissioners said he was only using it temporarily.

TRIPLE WINNERS — Dr. and Mrs. A. J. Luquette scored a clean sweep in the recent Chamber of Commerce Clean Up-Paint Up-Fix Up contest. The Luquettes won first in each of the contest divisions to collect a \$75 first prize. C of C president, Don Johnson presents the check.

## Readers get certificates from library

The Canyon city library awarded 53 certificates Tuesday night to students who completed the summer reading program.

Certificates were awarded to: Michael Carlson, Angela Levens, David Levens, Dennis Rice, Jenny Reeves, Robert Lowry, Meg Reeves, Randy Rice, Michelle Callahan, Jennifer Callahan.

Mark Thomason, Wesley Bagley, Kathy Welch, Frieda Bagley, David Thomason, Jeannette Garcia, Jackie Garcia, Colleen Yows, Mayrene Kay Esparza, Ernie Esparza.

Dedra Clemence, Melissa Platt, Monty Platt, Hal Moreland, Reyna Cunningham, Lori Hollabaugh, Scott Hollabaugh, Patricia Ann Voelm, Ryan Sanders, Lani Newman.

Cindi Trekel, Donna Welch, P. K. Martinez, Kith Micheal Byrd, Dawn Tiffani Miller, Kari Miller, Rusty Kershen, Sabrina Lynn Moreland, Richard Carlson, Leslie D. Chumbley.

Quinnell Newman, Lynda Brotherton, Karla Sheffy, Christine Clark, Darcy Clark, Melinda White, Eric White, Wendy Maynard, Lesley Smith, Lauren Smith, Joni Kay Cranmer, Jana Cranmer, and Retta Cunningham.

## City: Apartment water rates to stay the same

Sanitation rates for large multi-family complexes was the major topic of the Canyon city commission meeting Monday night in the commission chambers of the civic complex.

Rates of \$2 per unit in apartment complexes, set several weeks ago, compare favorably to rates for multiple-family structures in other area cities, according to city manager Glen Metcalf.

Discussion at the meeting centered around whether apartment complexes with a large number of units should be charged the same rate as that for those with fewer apartments.

Metcalf felt that since a rate has already been set, to divide apartment complexes into subdivisions for purposes of sanitation rates would merely complicate matters and would not benefit either owners or city renters.

Mayor J. Manly Bryan said the rate now charged is fair and cited a study presented for the commission's consideration comparing Canyon's rate with that charged in other cities.

Per-unit sanitation rates for apartments in Dumas, Plainview, and Tulia are \$3. Borger and Hereford charge \$2.60 and \$2.50, respectively, and Pampa

sets its rate at \$4.20.

The commission's decision was to continue with a fixed rate for each unit in multi-family complexes, regardless of the size of the complex. Apartments affected by the decision are the Lynette Apartments and Canyon Creek Apartments.

Other business discussed at the meeting included dedication of hospital drive. Since a survey of the street is still needed, formal dedication of the drive is postponed and will be discussed at the commission's August 16 meeting.

Payment to Brown, Graham and Co., Certified Public Accountants, for the 1975-76 audit was approved and the company was reappointed for the 1976-77 fiscal year.

Final business for the meeting was approval of conveying property to Larry M. Hooper. Funds from the sale are to be used for developing Southeast Park.

## CHS team to begin workouts

The Canyon High School Eagles football team will start fall workouts on August 9 and practice twice daily until the beginning of school.

Coach Deane Wright said that he expects approximately 90 people out this season which will include 15 starters from last year's team.

Wright said that he believes the offense will be stronger while the defense should be about the same.

Some of the players Coach Wright is counting on includes quarterback Ricky Cooper a six

foot 170 lb. senior and Gary Ward a 5' 8" 165 lb. senior halfback. Up front, people to watch include Lynn Schmidt a 5' 10" 173 lb. center, tackle Drew Hetzler who weighs in at 235 lbs. and John Prater, a 6' 4" 215 lb. tight end.

Coach Wright picks Perryton to win the District 1-AAA title, but he pointed out Borger, who returns 10 defensive starters could be tough to beat. Wright continued saying that the Eagles, Dumas and Levelland should all be in contention for a third place finish.

The Eagles open the season on Saturday, September 4 in Lubbock against the Monterey Plainsmen.

## Two recuperate from July wreck

Hubert Drake of Canyon has been released from Northwest Texas Hospital and Mrs. Rose Della Drake is now out of intensive care and moved to C-2 for recovery.

Mrs. Drake and her son were seriously injured on July 8 when their pickup truck crashed into the rear of a parked truck trailer loaded with pipe on US Highway 87 about 2 1/2 miles north of the Canadian River Bridge.

Both received numerous facial injuries and Mrs. Drake also received several broken bones in the mishap.

## Friends meet

A meeting of the Friends of the Canyon Public Library will be held August 12 at 4 p.m. in the city complex.

All members and anyone who is interested is urged to attend.

## New reporter joins staff

Jerry Gunter, who will graduate from West Texas State University in August with a Bachelor of Science degree in Journalism, has joined the Canyon News as a general reporter and sports writer.

Gunter is a 1972 graduate of Phillips High School and attended Frank Phillips Junior College prior to coming to West Texas State.

## Happy celebration planning underway

The theme for the annual Happy Days Celebration in mid-August has been selected as the "Spirit of America," according to Vincent Venhaus, Jaycee chairman for the celebration.

The three day event will include rodeos, western dances, and a special parade on Saturday, August 21. Local clubs, organizations, individuals and riding groups are invited to join in the festivity and may contact the parade chairman, Terry Wright or Neal McCauley, for entering the parade.

In addition to other activities, the Happy Days Celebration will

include a public barbecue on Saturday with an old timers barbecue being served at 11:30 a.m.

Steer roping will follow the Sunday afternoon rodeo performances during the celebration.

## Mixed drink tax totals revealed

Comptroller Bob Bullock said that mixed drink tax collections during the April-June quarter of 1976 totaled \$10.8 million.

The mixed drink tax is collected by the Alcoholic Beverage Commission and represents 10 per cent of all gross receipts from the sale of mixed drinks.

Bullock explained that the Comptroller's Office remits to counties and cities 15 per cent of the total mixed drink tax collected within their boundaries on a quarterly basis.

The total county tax revenue for Randall County is \$24,416.78 with the county's 15% remittance being \$3,662.52. The total city tax revenue was \$1,072.20 and the city's 15% remittance being \$160.83.

## Motorcyclists attend TEXAS

On July 31st, members of several motorcycle clubs from San Antonio traveled to Canyon and the Texas Panhandle to attend the musical drama, "TEXAS" in Palo Duro Canyon.

The group, who drove approximately 250 motorcycles to Canyon, were joined by other cyclists from Oklahoma, Oregon, and Pennsylvania. With a police escort, the riders toured through Canyon, down through the park and finally into the theatre.

The cast of "TEXAS" will continue to present the show nightly except Sundays through August 21, and there are seats left for almost all of the week nights.

## Senior citizens meet

The Senior Citizens' will hold a meeting on Thursday August 5 at the Senior Citizen's building at the old Christian Church at 7 p.m.

However, from 6 p.m. to 7 p.m., the college nurses at West Texas State will give free blood pressure tests to all who are present.

Following the blood pressure tests, a pot luck supper and games will be held.

## Tucek family has reunion

Conner Park was the setting for the annual Tucek family reunion Sunday afternoon, August 1, with a good number attending.

From out-of-state attending were Mr. and Mrs. G.H. Leeseberg, Leah Bauer, Janet and James Cox, all of Verona, Missouri, Mr. and Mrs. Harry Tucek of Tucuman, New Mexico, Mr. and Mrs. Danny Wallace and Matt of Grady, New Mexico and Courtney Robbins of Palmdale, California.

Area Texans attending were Mr. and Mrs. Weldon Tucek, Lonnie, Dewayne and Melissa, Mr. and Mrs. David Tucek, Karen, Roy and Camella of Hart, Mrs. E.V. Allison of Breckenridge, Mr. and Mrs. Norman Tucek, Tommy

and Vanessa of Boys Ranch, Mr. and Mrs. Oren McBroom, Pat, Lori and Troy of Hereford, Cynthia Priemel of Lubbock and Mr. and Mrs. Dick Coale of San Antonio.

Attending from Canyon were Mr. and Mrs. R.L. Tompkins, Mr. and Mrs. Harvey Turner, Trent and Trena, Mr. and Mrs. Phil Stevens and Tonya, Mrs. Linda Mogg, Nancy, Carol, Peggy, Everett and Philip, Mr. and Mrs. Lewis Tucek, Mr. and Mrs. Wilkes Stevens, Mr. and Mrs. Raymond Tucek and Clinton, Clarence Beckman, Mr. and Mrs. Glenn Tucek, Tammy, Theresa, Terrel and Twyla, Mr. and Mrs. Kyle Nogle, Mr. and Mrs. Robert Tucek, Travis, and Ty and Timothy and Angie Hollis.

## Volleyball action continues

Ten teams participated Monday night in a city summer recreation program volleyball tournament at the WT fieldhouse. Competition will continue Aug. 9 beginning at 6:30 p.m., with finals scheduled at 8:30.

In the first rounds of competition Monday, Hackamore advanced to the quarter-finals by

defeating UCM #2 (16-14) and (15-13). UCM #1 defeated Maintenance (15-3) and (15-9) to move to the quarter-finals.

Teams that drew a bye to advance to the quarter-finals were Lewis Air Speed #1, 1st Baptist, Calvary #1 and #2, and BSU.

Lewis Air Speed #1 defeated 1st Baptist (15-7) and (15-5) in the quarter-finals, and Hackamore defeated Lewis Air Speed #2 (15-6) and (15-0). BSU lost to Calvary #1 (15-6) and (15-8), and Calvary #2 lost to UCM #1 (15-11), (4-15) and (15-4).

In semi-finals Monday, Lewis Air Speed #1 will meet Hackamore and Calvary #1 will play UCM #1 at 6:30. Winners of these matches will compete in the finals at 8:30.

UCM #1 will oppose 1st Baptist and BSU will play Maintenance at 7:30. Winners of these games will play a consolation game at 8:30.

## TEXAS cast draws on life of Indian ancestors

"TEXAS", the musical drama which plays on summer evenings, is the story of the land in

### Locals are invited to join Hart Days

Local clubs, organizations and individuals are invited to participate in the "Hart Days" celebration being sponsored there by Chi Psi chapter of Beta Sigma Phi.

Booth spaces in the Hart School band hall are set at \$10 with tables and chairs furnished. Displays should be set up by 9 a.m. on Saturday, August 14. Spaces may be arranged before August 11 by contacting Daisy Huntsinger 938-2426 or Nita Hooper 938-2520.

the Texas Panhandle and the people who lived on it, both Indian and Anglo.

The story is told by a cast of eighty, and a supporting company of sixty more — both Indian and Anglo.

Twenty members of the performing company have Indian drums in their heritage, as do eight members of the technical and hospitality crews. Though their names are Lynn and Cook, Green and Watkins, nine have at least one great-grandparent who was a full-blooded Indian. Stan Easter, Teresa Cook and Rosemary Burkhardt each have an Indian grandparent.

Cherokee and Comanche, Sioux and Choctaw, Creek and Apache are represented in the Company.

John Red Fox leads the list. He is the grandson of the famed Sioux Chief, William Red Fox who is renowned for his interpretation of Indian characters on stage and in film. Director of the Indians for Buffalo Bill's Wild West shows, and later for those of the 101 Ranch, he appeared in more than a hundred movies and spent his long life representing

his race for audiences of all kinds. He died this spring at the age of 105. John Red Fox plays the role of the old chief in "TEXAS", and bases a good deal of his interpretation on the character of his grandfather.

The others playing Indian roles in the production draw on the experiences of the ancestors of cast members for their parts.

## Wrecks injure two men

Two men were injured in separate traffic accidents on city streets Friday night.

Michael Lee Burkett of Canyon was admitted Friday night to Palo Duro Hospital and later transferred to St. Anthony's Hospital in Amarillo. He suffered a foot fracture in a car/motorcycle accident at the intersection of U.S. 87 and 10th Ave. at 9:20 p.m.

Rhonda Bailey of Amarillo, driver of the automobile, was stopped in the turning lane southbound on 87, waiting to turn onto 10th eastbound. Burkett's motorcycle was headed north on 87 in the outside lane. The Bailey vehicle struck the

motorcycle on the left side. Bailey received a citation for failure to yield right-of-way while turning left.

Burkett remains in St. Anthony's in satisfactory condition after surgery.

Pedestrian Jimmy Lee Stoglin of Odessa received minor cuts and bruises in an 8 p.m. accident near the intersection of U.S. 87 and 4th Ave.

Callie Land of Canyon was the driver of a car turning left onto 4th which struck Stoglin as he walked across the street in the 2200 block.

Stoglin was taken to Palo Duro Hospital by the patrol car and was treated and released.

## Group tours Holland

The Texas Panhandle European Studies tour group along with John and Mary Jane Reeves of Canyon and 68 area high school students and teachers crossed the North Sea by ferry from Harwich, England, to The Hook, Holland on July 19. The group enjoyed the six hour crossing and then were bussed to a convention center in Noordwijkerhout, a town about 45 minutes from Amsterdam.

On July 20, the group went sightseeing in Amsterdam. They took a ride on the canals, visited the Coster Diamond Factory, wooden shoemaker's shop, a cheese farm, Anne Frank Secret Annex and the Rijksmuseum to see paintings by Rembrandt and other Dutch artists.

At a class held on July 21, the political and educational systems were explained to the group. After the class, several members visited Delft and watched a demonstration of the making of the famous pottery. This group also enjoyed Madurodam, a scale model of a Dutch

city complete with moving processions, trains, cars, buses, ships and planes. The other portion of the group went back to Amsterdam to explore the Royal Palace, churches, shops and restaurants where they enjoyed a meal.

Foreign Study League Group No. 2158 enjoyed the land of wooden shoes, cheese, and windmills and the group left Holland with memories of gracious people, marvellous food, and showers which dampened their hair and clothes, but not their spirits.

## Varsity Theatre

Shows at 7:15 & 9:00 p.m.

## Riley's boy born locally

Mr. and Mrs. Randy Joe Riley of Rt. 1, Box 41 in Happy announce the July 20 birth of a son, Stephen Wesley, at Palo Duro Hospital in Canyon. The baby boy weighed 6 pounds, 1/4 ounce and measured 19 inches at birth.

The father is employed with Southwest Feed Yards at Hereford. Grandparents are Lucille Albright of Odessa and Mr. and Mrs. Sam Marren of Plains, Texas.

## Phone Line

655-7121

**WONDER IF THOSE** Baptist Men are catching any fish this week end? The group of college-age and older men from First Baptist Church are going to Tres Ritas, New Mexico to try their "poles and hooks." Good luck —

**THE HIGHWAYS TO** Amarillo have been "hot" this week as several local folks are hospitalized there.

Among those known to be in the hospital are Jay Gillham, who had open heart surgery, and Carl Miller, who had foot surgery. Both are recuperating at St. Anthony's Hospital.

We wish each and everyone a speedy recovery.

**ARRIVING HOME THIS** week following a summertime visit with relatives in Arkansas were Ernestine Costley and children, Terry Dee and Jerry. They were accompanied back to Texas by niece and nephew, Carol Ann and R.L. Pond, the children of Sharon Pond of Canyon.

**BONNIE LONG ARRIVED** by bus on Saturday to spend the week end with her three children, Marvin D. Long of Amarillo, James P. Long of Omaha, Nebraska, and Lorena Miller of Canyon. Mrs. Long was also here to attend the wedding of Larry Trevathan and his bride, Marilyn Kerr, which was read Saturday evening at Southwest Baptist Church in Amarillo.

**THE OUR GANG** adventures will be showing at the Panhandle Plains Historical Museum lecture room this week end on August 8.

Showtime will be 2:30 p.m. and 4 p.m. on Sunday with admission free to the public. The feature length film stars the Our Gang kids as Spanky forms a children's army against the union in "General Spanky."

**IF YOU'VE BEEN MISSING** "football" this summer, it'll be game time Friday evening, August 6, as the annual Greenbelt Bowl kicks off in Childress. Local stand-out linebacker, Wayne Robinson, will be playing for the West Team — should be worth a trip to the Eastern Texas Panhandle to see the game and get back in the football spirit.

**THOSE WHO NEED** a special gift for friends and relatives come Christmas, might want to get in touch with Linda Bourn's father, Mr. Phillips, who makes wood dominoes in his local workshop.

**JIMMY ROGERS, FORMER** sports editor and school reporter for the Canyon News while serving as local pastor for the Southside Baptist Church of Canyon, was back in town this

## City group at workshop

Four students and one advisor from Canyon were among approximately 250 yearbook staff members and advisors participating in the seventh annual Angelo State University Yearbook Workshop held on the San Angelo campus July 25-30.

Sponsored by the ASU Journalism Department and Newsfoto Yearbook Co., the five-day program included sessions on all aspects of yearbook production in addition to numerous social and recreational activities.

Those attending were Mrs. Jean Shepic, advisor, Clair Davis, Cassi Harbin, Laura Laycock, and Melissa Seideman.

Going somewhere? Or been? The Canyon News wants to know about it — and so do its readers.

Britain Studio — Where Sophomores, Juniors and Seniors are Recreated Equal.

## DON'T PRACTICE MEDICINE ON YOUR OWN!

There is an old axiom that says, "He who is his own physician, has a fool for a patient." It is just not wise to try to treat or cure an ailment unless you are able to determine the real cause. And, only a physician has the knowledge to diagnose a problem.

You can save sickness-time, discomfort and probably some medical bills if you immediately consult your physician at the first symptoms of an illness or if you have recurring symptoms of any physical distress.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

**The Shell's Pharmacy**  
655-4242 404 15th St.

ROSCOE SHIPLEY WAS in the hospital recently for the removal of his appendix. Hope this is the last trip for the

ly for a week end of camping, boating and lots of etc's.

Sandy says Ute Lake is near Logan and a delightful spot. Her brother, Melvin Courtney, his wife and children met them there.

She must have worn a sun-bonnet or hat, because she wasn't sunburned or anything. Then, this most recent week end she and Mike went to Lubbock for the wedding of Sandy's former roommate at college, Bonnie Putman. She served as bridesmaid in Bonnie's garden wedding to Mike Savage. She, by the way, made her own lovely dress to wear.

**M.J. AND LEE** Lamkin report their latest excursion to Lake Fryer, near Perryton. Lee says the whole area is quite beautiful, very clean and well-kept with lovely cottonwood trees all around.

The camping area is one of the nicest and the weather was cool, day and night. Sounds like fun.

**BACK FROM RECENT** vacations are the Tim Lease family, Joe Dale Stewart family, and the Earl Moseley family.

There have been other returnees, I'm sure, that I haven't talked to.

**SPOKE TO VI** Robinson a few days ago and she has been under the weather. Also, Vi said, her mother has been quite ill. Hope both of those nice ladies are better real soon.

**ROSCOE SHIPLEY** WAS in the hospital recently for the removal of his appendix. Hope this is the last trip for the

Shipley family, since they seem to have kept the road warm from here to the Canyon hospital this year.

**TOM AND I** were hosts Saturday night, July 24, to a swimming party at the Siesta pool. Invited was the Canyon branch of the Latter Day Saints Church. We had lots of fun swimming or (in my case) watching the swimming, playing volleyball and table tennis. Also polished off a couple of watermelons afterward. We thoroughly enjoyed the party.

**OUR NUMBER ONE** son, Larry, went to Phoenix, Arizona to help make preparations for his wedding July 31 to Judy Rummy.

Of course, Mom went to be with them for this special occasion, and returned shortly afterward.

Larry and Judy planned a short honeymoon trip to Utah and will live afterward in Canyon.

**NEWCOMERS TO THE** Siesta area are:

Larry and Lorelda Hall, 111 Siesta Lane;  
Phil Hoch family at 229 La Fiesta;  
Joe and Melissa Murphy at 237 Loma Linda;  
The Adolphson family at 252 Loma Linda;  
The R.C. Tisdales at 254 Loma Linda;  
The Bill Sterlings at 230 La Fiesta.  
The Mitchell's, on Loma Linda, moved to Fort Stockton to accept a teaching position in the high school there and Pam and Bill Boatright have moved from Loma Linda into a new home in Amarillo.

**CALL ME IF** you have news for us. 355-0601. Have a good week.

## Julie Wilson celebrates third birthday at events

Julie Wilson celebrated her third birthday this past week end with a luncheon on Saturday and a family dinner on Sunday.

The birthday honoree is the daughter of Mr. and Mrs. Carroll Wilson of Canyon and will be attending the Wee School nursery this fall.

Saturday's birthday luncheon was attended by Julie's sisters, Rebecca and D'Arcy and special friends, Robyn and Chad Oliver. A special guest for the luncheon was Walt Shelly who assisted her father with placement of a swimming pool.

On Sunday the birthday

honoree and her family were joined by her great-grandmother, Mrs. Walter Taylor of Amarillo, and aunts, uncles and cousins including Mr. and Mrs. John Wilson of Sunday Canyon, Mr. and Mrs. E. F. VanKampen, Margaret Ann and Tim, and great-aunt, Virginia Ferebee, for a family dinner and chocolate birthday cake decorated with M & M candies.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

## The Canyon News

The Canyon News, founded in 1896, is an independent newspaper dedicated to the best interest of the community, state and nation.

A subscription is \$10.50 a year in Randall and surrounding counties and \$13.65 a year elsewhere.

The Canyon News is published Sunday and Thursday at its offices, 1500 5th Avenue, Canyon, Texas. Second class postage is paid in Canyon. Zip Code 79015.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this newspaper will be corrected upon being brought to the attention of the editor.

The Canyon News is a member of the Panhandle Press Association, Texas Press Association and National Editorial Association.

## Cox gets post

Wesley Barrett "Barrie" Cox will join the Freed-Hardeman College faculty as art instructor and director of the instructional materials laboratory.

Cox, a graduate of Canyon High School, completed a B.A. degree with a major in art and a minor in Bible from Harding College in 1973. At Harding he was a member of the Art Guild, was president for two years of the Student National Education Association, was president of Alpha Omega and was active in the A Cappella, Choral, and Belles and Beaux. He was selected for inclusion in "Who's Who in American Colleges and Universities."

In August of 1974, Cox received the Master of Art Education degree from Texas Tech University. He has taught art privately, at Lubbock Christian Elementary School, and at Camp Blue Haven, Las Vegas, New Mexico. He is presently minister of youth at the Southwest Amarillo Church of Christ.

Some News

# Beans picked now good in winter

By  
Farris Ann Morrison  
FROM MY BED of pain, I will struggle to the typewriter. We have a garden and right now it looks like a whole square mile. Beans are ready so we picked and picked and etc. Sure

Britain Studio — Where Sophomores & Juniors Are Not Second Class Citizens.

will taste good next winter, though.

...  
**BILL AND CHARLENE** Moore, Rhonda 16 and Gina 12, know every signpost between here and Ft. Worth by now. The girls were there for a week visiting Charlene's parents, Mr. and Mrs. Boyd.

Bill and Charlene went down to pick them up. While there, they saw Six Flags. Later, Mr. Boyd was ill, so back again. The girls got a repeat of Six Flags when they went with the First Assem-

bly Church group of 20 youngsters.

...  
**SHERRI AND ROY** Cates, Greg 8 and Ken 14, spent a couple of days at Lake McClellan. They camped out, swam, fished. The rest of the Cates' vacation was spent remodeling their bathroom. Maybe they could do mine next!

...  
**LLOYD AND CAROL** Triplett, Rodney 8 and Laurie 11, flew to Montana for four days. They visited Carol's uncle.

Harold Hougan and his son, Tommy.

Besides beautiful scenery, they toured a strip coal mining operation and fought the crowds at Yellowstone.

**JEANETTE AND HAROLD** Hale and Jill were in Colorado before the flood. Mrs.

Bill Marks, Harold's sister, lives in Greeley and they visited there. Then to Estes Park where they took a 5 1/2 hour (1) horseback ride.

**LARRY AND YVONDA** Stokes, Chris and Krystal, spent a relaxing couple of days at Lake Meredith to swim and fish. Chris caught two, but they were too clever and got away.

Afterwards they went to Spearman to visit Yvonda's mother, Mrs. John Pipkin, who had a birthday party planned for

her.

...  
**THRESEA AND JAMES** Akers, Lucinda 3 1/2 and Angela 6 1/2, had a lovely two weeks' vacation. First to Denver to see the girls' grandmother, Katherine Syas. Then fishing in every available spot clear to Montana.

The fish didn't seem to care — just sat there and taunted the fishermen. Allen Basin, Koshier Lake, Green Mountain Reservoir, Yampa and Green River all were unproductive. Finally the rain sent them on up to Yellowstone, Jackson Hole, and the Grand Tetons.

Theresa said the mosquitoes were so vicious everyone had to cover up despite the heat. They,

too, returned just before the flood.

About fifty miles from Yellowstone the Akers visited Quake Lake. In 1959, an earthquake hit Heyber Lake and tilted the water out. The whole area, 37,000 acres, has been set aside as a geological study area. There is a visitors' center where the displays show before and after, plus commentaries of what happened.

Theresa said that houses on the shoreline are now in the mountains; there is a new highway, built to rescue survivors, as the old highway was completely obliterated. A boulder which was down the side of a mountain is now on top and carries an inscription listing the names of the nine dead and nineteen missing as a result of

the disaster. The campsite is lovely, but almost deserted; perhaps the atmosphere of tragedy still pervades. A drive through the area with all the plaques explaining the incident really gave Theresa an eerie feeling. Despite that, it was a very interesting side trip.

...  
**MARY AND BOB** Davee, Dorene 14 and Dawn 9, started to Taos last week end, but decided to go to Skipout Lake in Oklahoma.

Skiing and fishing occupied part of their time, and Mary said they made some new friends, as a result learned some new card

(Continued From Page 4)  
games. That's always nice.

**NOTICE TO NEW-COMERS** to the Gene Howe area: please go by the school and pre-register. Be sure to bring a birth certificate, immunization record, and last year's report card. If you know of a new family in your neighborhood, please let them know.

**REGISTRATION AT GENE** Howe will be Tuesday, August 17, with the first day of classes August 19. Watch the papers for exact times, and I hope to have the in-

formation by next week.

**ONE OF MY** favorite things about writing this column is that I have met so many nice people over the phone. Everyone is very gracious, and I really have enjoyed the talks.

**HOPE Y'ALL GOT** the nice rain we did Monday — it was VERY welcome! Have a good week.

Randall County extension home agent Becky Hall is attending a conference of the Texas Association of Extension Home Economists in Kerrville this week.

She left Canyon Tuesday and will return Saturday.

## Umbarger News

By REBA RAE  
**WELL, IT LOOKS** like our prayers for rain have been answered. We had 1.83 inches between 2:30 and 6:00 p.m. last Monday and it rained for about an hour after that. Maybe the drouth isn't broken, but this could be a start.

**SEVERAL UMBARGER FAMILIES** have visitors from Germany. Mr. and Mrs. Frank Koch, from Oelde, West Germany, are visiting his brother Ben Koch and his family.

This is Frank's first visit here and first time the two brothers have seen each other since Ben came over here about 48 years ago.

Don't you know they have a lot of "catching up" to do? They arrived Wednesday, July 28th and will be here about 3½ weeks.

**JOE AND GERTRUDE** Grotgut also have company from Germany. Mr. and Mrs. Bernhard Rembrink from Lette, West Germany, and Mrs. Heinrich Austermann from

## Visitors from Germany

Warendorf, West Germany, arrived on July 28th. The two women are Joe's sisters. They will be here about three weeks.

**CHRISTINE AND URSULA** Handing from Muenster, Germany, are visiting the Tony Handings and other relatives in this area. The two young ladies

are Tony's nieces. They visited in Dallas before coming here and will also go to Colorado to visit other relatives before returning to Germany.

Last week end, Mr. and Mrs. Ross Keese and children, Amy and Christi and Mr. and Mrs. Gene Frische and Toni were also guests in the Handing home.

Other recent guests of the Handing's were Mr. and Mrs. A.J. Britten and Mr. and Mrs. John Britten from Claude and Mrs. Margaret Wink and Dean Terry from St. Francis.

**GERALD AND JUDY** Beckman and children from Corpus Christi are visiting his parents, the Charley Beckman's. They visited in Dalhart, before

coming to Umbarger. They plan to be here about a week.

**JOE AND OLA** Wieck have returned from a trip to Wichita, Kansas. They took Mrs. Clara Hess along and they visited with Herbie Hess and family and Mary Hess and family. Ola said it was so hot and dry all the while they were there.

We'd like to wish a speedy recovery to Joe Friemel.

Joe, who has been blind for many years, accidentally drank some weed poison last Saturday. He was at his farm in New Mexico and the hired hands were spraying weeds and Joe went to get a drink and got the poison, instead.

He was in a Tucumcari hos-

pital over the week end and was released to come home Monday night, where he is recuperating.

**THE UMBARGER VOLUNTEER** fire department and the Buffalo lake fire truck were called out Saturday afternoon to put out a fire in Ray Gerber's storage yard.

Ray lost a hay stack and Wieck Repair lost some cross ties.

**LEWIE REPORTS** THAT from 2:30 Monday afternoon until 8:00 a.m. Tuesday, our rainfall amounted to 2.39 inches. How about that?

**CALL ME** WITH your news. Reba.

August 5 — Mike Begert, Winston Hall, Karen Southern, Christi Lynn Carthel and Roena Prati.

August 6 — Betty Brown, Evelyn Jenkins, Jim Melton, Kim Storlie and Rodney Herring.

August 7 — Lane Rawson, Ralph Carroll, Max Bosley, III, Brian Freidell, Bill Byrd, Amelia Martinez and Doug Knepp.

## Winning seamstresses to model

Three young winners of the Randall County 4-H dress revue will vie Aug. 12 for district honors and the right to represent the 20-county Panhandle area in state competition this fall.

Winners in Monday's event at the Randall farm bureau were Debbie Hales, senior division; Debbie Detten, 12-13 division; and Becky Detten, 9-11 division.

### Baby girl's birth told

Mr. and Mrs. James Ray Alumbaugh of Rt. 2, Box 102 in Canyon announce the birth of a daughter, Deonia Ray who weighed 7 pounds, and measured 19 1/2 inches at birth in Palo Duro Hospital, Canyon.

The father is employed at the lighthouse of the Canyon Ranch owned by Bill and Shirley House. Grandparents are Mr. and Mrs. Joe Ward of Tucumcari, New Mexico, Mr. and Mrs. Darrell Janssen of Enis, Texas and Mr. and Mrs. James Alumbaugh of Tucumcari, New Mexico.

**BELL RINGING FASHIONS** — Winners of the Randall County 4-H dress revue model their creations in front of the liberty bell decoration made for the event. Taking honors were, from l to r: Debbie Hales, senior division; Debbie Detten, 12-13 division; and Becky Detten, 9-11 division.

Participants in the county 4-H dress review Monday display clothing they made for the event. Showing their ribbons and certificates from the competition are: Front row, l to r: Lisa Detten, Nancy Hartman, Becky Detten, and Kaye McCasland, back row, l to r: Debbie Hales, Debbie Detten, Hilda Hartman, and Mary Jo Turpin.

### Reception is planned

A 50th wedding anniversary reception honoring Mr. and Mrs. Floyd Tomlinson will be held Aug. 15 from 2 to 5 p.m. in the fellowship hall of the University Church of Christ, 3400 Conner Drive in Canyon.

Mr. and Mrs. Richmond Hales of Canyon, Dr. and Mrs. Kenneth B. Williams of Abilene, and Mr. and Mrs. Bob Law of Canyon will host the reception. Friends and relatives of the Tomlinsons are invited to attend.

655-9191

daughter of Mr. and Mrs. Jones Hales, Debbie and Becky Detten, daughters of Mr. and Mrs. Joe Detten, are members of the Randall Longhorn 4-H Club.

Contestants in the event modeled their own creations. The girls were judged on their sewing and construction skills, overall appearance, modeling abilities, and their 4-H record books.

In addition to division titles awarded at the Monday review, two girls received recognition for best model and best record. Debbie Detten was named best model and Debbie Hales cited for her outstanding record book.

Other participants in the county event were: Lisa Detten of the Joe Detten family; Hilda and Nancy Hartman, Jowell 4-H Club members and daughters of Mr. and Mrs. Elmer Hartman; Kaye McCasland, also of Jowell 4-H Club and the daughter of Mr. and Mrs. Bob McCasland; and Mary Jo Turpin of the Randall Longhorn 4-H Club, daughter of Mr. and Mrs. Joe Turpin.

All were presented ribbons and certificates for their outstanding efforts in the competition.

Serving as commentators for the event were Debbie Hales, Debbie Detten, Hilda Hartman, and Mary Jo Turpin. Pianists were Debbie and Karen Hartman, daughters of Mr. and Mrs. Bernard Hartman of Umbarger.

The home demonstration council provided refreshments for the revue. Mrs. Bill West, council chairman, was assisted by Mrs. Jones Hales and Mrs. Ernestine Howard.

Assistant county extension agent Cathy Billingslea served as judge. Her helper was Julia McKurg, team leader. Both are from Swisher County. Deaf-Smith Co. assistant extension agent Sherry Harder was record judge for the event.

Decorations were made by Mr. and Mrs. Joe Turpin and Mrs. Joe Detten of the Randall Longhorn 4-H Club.

The district competition next week will include junior and senior level contests, to be staged simultaneously. Juniors will not compete beyond the district level. For them, the event offers experience and leadership development.

Senior winners will take their designs to the state 4-H dress revue, to be held Sept. 17-18 in San Antonio.

"Bell Ringing 4-H Fashions" is the theme for the 1976 District 1 dress revue, according to Becky Hall, county extension agent for home economics.

The event, to be held at the Amarillo College fine arts building, will include a 12:15 luncheon for participants followed by an awards ceremony at 2 p.m.

State Senator Max Sherman will present the awards for juniors, and Congressman Jack Hightower will do the honors for seniors.

Five top seniors will receive awards and progress to the state competition. In addition, 4-Hers making the best all-cotton, all-wool, and synthetic garments will be recognized.

Becky Hall said a division has been set up again this year for best all-wool or riding outfit. The dress revue committee explained that because "this mode of dress has become a part

of our way of life and heritage, it should be a part of the contest."

Parents, 4-H leaders, and special guests will be on hand for the occasion. The public is invited to the revue and awards ceremony.

A 3 p.m. tea sponsored by the Texas Home Demonstration Association will climax the event.

Certificates were made by Mr. and Mrs. Joe Turpin and Mrs. Joe Detten of the Randall Longhorn 4-H Club.

The district competition next week will include junior and senior level contests, to be staged simultaneously. Juniors will not compete beyond the district level. For them, the event offers experience and leadership development.

Becky Hall said a division has been set up again this year for best all-wool or riding outfit. The dress revue committee explained that because "this mode of dress has become a part

of our way of life and heritage, it should be a part of the contest."

Parents, 4-H leaders, and special guests will be on hand for the occasion. The public is invited to the revue and awards ceremony.

A 3 p.m. tea sponsored by the Texas Home Demonstration Association will climax the event.

Certificates were made by Mr. and Mrs. Joe Turpin and Mrs. Joe Detten of the Randall Longhorn 4-H Club.

The district competition next week will include junior and senior level contests, to be staged simultaneously. Juniors will not compete beyond the district level. For them, the event offers experience and leadership development.

Senior winners will take their designs to the state 4-H dress revue, to be held Sept. 17-18 in San Antonio.

"Bell Ringing 4-H Fashions" is the theme for the 1976 District 1 dress revue, according to Becky Hall, county extension agent for home economics.

The event, to be held at the Amarillo College fine arts building, will include a 12:15 luncheon for participants followed by an awards ceremony at 2 p.m.

State Senator Max Sherman will present the awards for juniors, and Congressman Jack Hightower will do the honors for seniors.

Five top seniors will receive awards and progress to the state competition. In addition, 4-Hers making the best all-cotton, all-wool, and synthetic garments will be recognized.

Becky Hall said a division has been set up again this year for best all-wool or riding outfit. The dress revue committee explained that because "this mode of dress has become a part

St. George and the Dragon is a new artistic feature of St. George's Episcopal University Center at 2516 4th Avenue shown here with the pastor, Jim Haney. The wood carving was designed and made locally by wood sculptist, Marion George.

## WT names New Mexico grad as new coach for judging team

New Mexico native Bob Lee, 24, will be West Texas State University's new judging team coach and animal science instructor.

The New Mexico State University graduate finished his master's degree this summer at Texas Tech in animal science.

Part of his plans for his work at West Texas State will be to add a meat animal evaluation team to WT's livestock and meat judging teams.

"This kind of team ties

## New library books

New books for adult readers recently received at Canyon City Library, as listed by city librarian Mary Huntington, include:

"American Needlework, 1776-1976" by Leslie Tillett

"Gems and Jewelry" by Ova Dragsted

"Uniforms of the Civil War" by P. Haythomthwaite

"The Joy of Money" by Paula Nelson

"Creative Coping" by Julius Fast

"Honorable Treason" by David Freeman Hawke

"Fathering" by Maureen Green

"Born Again" by Charles W. Colson

"Vitamins: Their Use and Abuse" by Joseph V. Levy

"American Demin" by Richard M. Owens

"Insanity Inside Out" by Kenneth Donaldson

"The Barn" by Eric Arthur.

## Former WT student back as super

Canyon is already a familiar place for Dr. Sam E. Thompson, hired Tuesday night as the CISD superintendent of schools.

He spent four years at West Texas State University from 1958 to 1960 getting his bachelor's and master's degrees. He earned a doctorate in educational administration from the University of Texas in 1970.

Thompson began teaching in 1958 in Pringle and has served as high school principal and assistant superintendent at Dumas and head of the Department of Education at Wayland College.

In addition to membership in a number of professional organizations, Thompson presently is a member of the Irving Chamber of Commerce and the City Council.

## Beets. . .

rain conditions.

This year's wheat crop is also expected to be far below normal for county farmers, who have suffered through a drought which hit the county last August. Likewise, the prospects for a healthy dryland grain sorghum crop are slim as rains have eluded most area farms.

Rain. . .

said, "This rain will help us catch up."

"The pastures and rangeland, seared by the drought, can recover rapidly if enough rain falls, he said.

"There has been practically no growth at all," he said. "We've been feeding cattle almost all summer."

Another .44 of an inch was recorded in Canyon Tuesday night.

## Brand. . .

Happy ranch saying the cattle are free of the disease and are from the ranch or to help the ranch locate all cattle sold and change the brands. Henson said that this could pose a problem because as many as 10,000 head are probably still alive in herds in the nation.

## Hicks have infant girl

Mr. and Mrs. Allen Wayne Hicks announces the arrival of a new daughter on July 23, 1976 at Coon Memorial Hospital in Dalhart.

She has been named Bridget Denise and weighed 7 pounds, 7 ounces, and has one older brother, Chad Allen, age 5 years.

Grandparents are Mr. and Mrs. John Wick of Umbarger and Mr. and Mrs. M.W. (Bill) Hicks of Canyon.

## Resident's niece dies during July

Former Canyon resident, Mrs. Charles (Ruth) Evans of San Ramon, California died July 28 of cancer. Funeral services were conducted in Livermore, California.

Mrs. Evans resided in the Canyon area during the late 1940s and was a niece of Mrs. Walter Kirkpatrick of Canyon. She also has several cousins in the local area including Mrs.

Jack Powell of Happy, Harold Woolsey of Canyon and a second cousin, Mrs. John Rowe of Canyon.

together what students learn on the livestock and meat judging teams," Lee said.

Lee was a member of the NMSU judging teams, and coached the livestock and meat judging teams at Texas Tech.

While he was at Tech last year, his teams placed second in sheep judging at competitions in Memphis and first in horse judging at the Cow Palace in San Francisco.

"Bob was selected because we felt he had the potential to fulfill our needs in livestock judging and evaluation," said Dr. Ted Montgomery, head of the WTSU Department of Animal Science.

"He has a background well suited to this end."

"He also has an excellent academic record as well as practical experience," added Dr. Charles Smallwood, Dean of the

Mrs. Lois Prichard, chairman of the '75-'76 Zeta Tau Alpha Alumnae bridge marathon, presents a contribution to the tennis fund of the city parks program to Mrs. Virginia Cotton, member of the parks board.

## Sorority alums donate

Zeta Tau Alpha alumnae contributed Monday to the city parks fund. The contribution came from proceeds of the alumnae bridge marathon.

The organization is entering its seventh year of sponsoring the event, which begins in September and ends during May.

A portion of the fund raised each year is given to worthwhile community projects. This year members selected the tennis fund. Past projects aided by the group include the hospital, senior citizens building, and Christmas lights (a Chamber of Commerce project).

Enrollment time for the '76-'77

## Big fish hooked in Ark.

Bill Urban of Canyon caught a 14-pound large-mouth bass at Mallard Lake, near Manila, June 9.

Urban, a brakeman for Santa Fe, caught the bass with a green and black plastic worm.

His son, Jimmy, reeled in an 8-pounder the same day. It was a good outing, with the total catch for the day coming to about 40 pounds.

Included in the total, aside from the prized catches, were five, six, and seven pound fish.

Urban is having the 14-pounder mounted.

# Happy news

By MARY NEAL HENRY

**RAIN! THAT IS** the big news. We received 2.85 inches at our house. Amounts varied throughout the area, but the rains were general this time. I believe that everyone finally got one.

**TOM, ANGELIQUE AND I** spent the week in Wyoming. We drove home through the rain — all Sunday night and Monday morning. The rain lasted all the way to Texas and home was dry.

I had said that I was going to cry if I drove home in all that rain and it was dry at home. But Monday night, the rains fell here.

The final rodeo performance in Cheyenne took place in a foot of mud. The announcer added extra bits of entertainment for the spectators while those participating were soaked to the skin and muddy, too. Some steer wrestlers were hard to recognize.

Winners of the final average on three head of stock were: bull riding, Pete Gay of Mesquite, Tex.; steer roping, Bill Spratt of Thermopolis, Wyo.; steer wrestling, Dan Jackson of Fort Collins, Colo.; saddle bronc riding, John Forbes of Kaycee, Wyo.; calf roping, Bobby Goodspeed of Live Oak, Fla.; barrel racing, Connie Combs of Comanche, Okla. Each championship buckle is presented as that event is completed.

The Cheyenne Rodeo is a great example of advertising and of people living up to that advertising. The people of Cheyenne donate a multitude of man hours to the success of the event. It truly pays to advertise.

On Sunday morning, a church service was held by the Cowboy Chapter of the Fellowship of Christian Athletes at Frontier Park. Rains fell the night before and fell softly all during the morning services. (We almost froze).

Skeeter Davis sang and gave her testimony. Others also gave their testimonies. The service closed with a message from Wilbur Plaugher, the famed rodeo clown who began the Cowboy Chapter of Christian Athletes. He closed the meeting with prayer.

Even before the meeting was over, the committee of the Cheyenne Rodeo gave their consent to have another service on Sunday morning next year. This was the first Sunday morning service, but it will not be the last. They must have reasoned that if people came and sat for an hour and a half in the rain, that they would surely come back another year.

Wilbur Plaugher is a good American. He presented an act in each of the night shows and in the final rodeo performance on Sunday afternoon that was a tribute to America.

How many of you have actually sang Happy Birthday, America? Well, I have. During the night shows, all who could, lit a match or lighter and as the lights glowed in the dark, the crowd sang Happy Birthday to You, Happy Birthday, America, Happy Birthday to You. We also sang "God Bless America."

One evening we were fortunate enough to be passing by the stands during the Wilbur Plaugher presentation of his Bicentennial Act.

The darkened stands filled

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

# Salute to America was dramatic

with small lights and the voices of the multitude of people singing Happy Birthday, America and then God Bless America would bring tears to anyone's eyes. From the distance, it was a beautiful sight and sound, led by a gentleman who told it "like it is" and was not afraid of being ridiculed. Wilbur Plaugher stands up for both Christ and country.

**JUDY AND ROY** Thompson and their Jobeth and Roy Dee, Shawn Walters, Acie Dell and Copus Boyd, and Melton and Othella McGehee, were among the local area people attending the Cheyenne Frontier Days. We also spent a couple of days in Thermopolis, beautiful Wyoming country. Margaret Ingram and her Roby, Kelly and

Tracy were also in Cheyenne. Ken Henry was there, too. We saw more of him there than we've had him at home for the last few months.

**PATTI BURRIS AND** her daughter, Bryanne of Tucson, Ariz., are visiting her parents, Mattie Ruth and Edgar Robinson. The Robinsons have had their grandsons, John and Mike, for most of the summer. Friends are invited to drop by and visit Pattie on Friday afternoon.

**MARGARET PASCHER,** BRIDE-ELECT of Albert Schoenenberger, was honored with a bridal shower in the home of Mrs. Forrest Vise, on Tuesday evening. Guests were greeted at the door by the hostess, Aurelia Schoenenberger, the honoree.

and her mother, Kathryn Paschel.

The serving table was covered with a white cloth and centered with a silver candelabra arranged with artificial green and white flowers and stock. Green punch, assorted cookies and mints were served from silver service. Pam Andrews presided at the punch bowl.

Guests were registered at a desk in the front bedroom. Out of town guests included Mr. and Mrs. Anthony Paschel of Vega, Mrs. Jerry Acker and Lorelea of Nazareth, Mrs. Charles Acker and Judy of Canyon, Mrs. James Acker of Tulia, Mrs. Gene Shoemaker and Mrs. Dallas Bishop, both of Amarillo.

Hostesses for the occasion

were Mesdames: Forrest Vise, Robert Hargrave, Bill Andrews, J. S. Mayes, Steve Cole, Sr., Doug Bell, Sr., H. L. Holland III, Loyd Leavitt, Arnold Liekhus, Gwen

McFarland, Branch Sheets, Clyde Hancock, S. A. Hodges, Jr., C. R. Hancock, Bruce Fields, Dozier Thornton, Buddy Selvidge, T. V. Coile, Wayne Pearson and Miss Sherri Acker and Miss Carrie Acker.

Margaret and Albert have planned a 5:00 wedding in Vega on Saturday.

**WILLIE BUTLER BROKE** a bone in her foot recently. She is supposed to stay off it and is at home (some of the time, I understand).

**DR. AND MRS. Bob Patter-**

son are the parents of a girl, Brook, born July 30, in High Plains Baptist Hospital. Brook has a three-year-old sister, Kaki.

**ANDREA VISE AND** D'Layne People of Canyon recently spent the week with Ruby and Forrest Vise in Happy.

Ruby and Forrest were hosts to a ice cream and cake patio party for Ruby's Sunday School class and other friends last Friday evening.

**HAPPY COWBELLES** will meet Wednesday, August 11 at 9:30 a.m. with Mrs. Lonnie Todd.

**IT IS GOOD** to be home! Have a good day!

## Schools expect increase

Student government leaders at Canyon High School this year are Darlenea Hanes, treasurer; Drew Hetzler, parliamentarian; Dinah Winn, secretary; (top) Raymond Roberts, vice-president; Craig Howard, president.

School officials are expecting an increase of more than 200 students into the district to hike projected enrollment this fall to 3,590.

After the first month of school last year, enrollment in the Canyon Independent School District was 3,353.

Rex Reeves Elementary School is expected to have 1,176 enrolled. A shift of bus routes designed to take some of the load from Gene Howe Elementary School boosted Rex Reeves enrollment.

Gene Howe will have about 557 students next year and the junior high expects to have 966. Canyon High School is planning for 891 students this fall.

The eighth grade class is the largest with 333 students,

followed by a large freshman class of 314.

So far, 21 new teachers have been hired and seven new positions have been created. At Rex Reeves, there will be two additional first grade classes, one second grade, one fourth grade and one special education teacher.

At CHS, there will be a social studies class added and

another counselor. Gene Howe will have one less fifth grade.

CISD personnel total 209 employees. Of these, 59 are assigned to Rex Reeves, 28 at Gene Howe, 48 at Canyon Junior High and 49 at Canyon High.

Others include school nurses, diagnosticians and similar positions.

## Budget adopted

The Canyon school board recently adopted a \$3.7 million budget for the 1976-77 school year. The budget is funded with 44 per cent local money, a bigger share than last year's 39 per cent, and 56 per cent state and federal funds.

The tax rate was set by the board at \$1.20, a hike of about 25 per cent, that will bring in \$157,227.16 additional funds

into the interest and sinking account and \$241,036.47 additional money to the operating expenses.

## New students register early

All new students who plan on going to Canyon High School or Junior High are to register on August 9, 10, and 11.

John Sommer, high school principal, said that all new high school students need to come by the counselor's office prior to registration and bring any transcripts or report cards from the school where they previously attended if possible.

Registration for seniors is scheduled for August 17 from 8:15 a.m. until 12 and then from 1 p.m. to 4 p.m.

Juniors register August 18 from 8:15 a.m. until 12 and sophomores from 1 p.m. until 4 p.m.

In junior high school, seventh graders register on August 17 from 9 a.m. until 11:30 a.m.; eighth graders on

August 17 from 1 p.m. to 4 p.m. while ninth graders start registration on August 19 from 9 a.m. to 11 a.m.

All newcomers to junior high and high school from out of the state need to have three doses of diphtheria tetanus and three doses of polio if they

have not done so previously. Also, if any students have not had a diphtheria dose in the past 10 years, it must be

repeated. All of these doses must be verified by the student's physician or by a public health clinic.

## Immunizations needed on beginning students

New students to Canyon who will attend elementary school at Gene Howe or Rex Reeves are asked to register anytime until August 19, when classes begin.

All newcomers are urged to register as soon as possible and to have a birth certificate and immunization. All ele-

mentary students need to have three doses of diphtheria tetanus with one after their fourth birthday and three doses of polio with one being after his fourth birthday. Also, one dose of rubella is needed and one dose of rubeola or if the student has a history of having it. All of these doses are to be verified by the student's physician or by a public health clinic.

Regular registration is scheduled for August 17.

Students at Rex Reeves will register by grade level and room assignments will be made on August 19.

## Bids open

Bids are to open on August 17 for a \$1.3 million elementary school that is to be constructed in the north part of the Canyon School district.

New plans for the building call for 18 classrooms for grades one through six and kindergarten and special education facilities.

The school which is to handle 600 students is located on a tract of land at Sundown Lane and Western about a mile south of Gene Howe Elementary School in the north part of the district. The building is to have 41,100 square feet.

Architects estimate that the cost of the school will be \$1,170,000 with furniture and equipment costing \$105,000.

## 1976-77 CISD Calendar

Student council at Canyon Junior High will be led this year by Melanie Brooks, vice president; Jeff McKay, president and Susan Barnett, sponsor.

# CISD adds new faculty members

Pamela Hurst, who stars as Miss Elsie McLean in the musical drama "TEXAS", joins the Canyon High School faculty this fall as speech and drama instructor.

She will replace Sarah Hard in the drama department.

Miss Hurst is a WTSU graduate with a BA in speech. She is from Lubbock and

studied in the Texas Tech summer theatre there.

The CHS drama department will have another change as Carroll Killingsworth, formerly the CHS counselor, will move to the speech and drama department to replace Neva Chowning.

Taking on the counseling duties at the high school will

be Kenneth Ringo, who comes here after seven years in Dimmitt.

He graduated from WTSU and completed his master's degree in counseling and guidance at Texas Tech.

Ringo and his wife, Ruth Ann, have a son and two daughters.

A total of 21 new teachers are slated so far for the school

district.

Elementary teachers include Louise Baker, Carolyn Covin, Glenda Grimes, Valerie McCarthey, Margaret Parks, Gay Seals, and Marla Blake.

Mrs. Baker, who holds a BA from Eastern New Mexico University, will teach second grade at Rex Reeves. She has taught previously in Arlington and Roswell. The Bakers have two daughters.

Mrs. Covin will teach a new special education class at one of the elementary schools. She holds a BS in special education from Southwest Texas State. Mrs. Covin and her husband, Wilfred, have two children.

Mrs. Grimes will teach a new section of first grade at Rex Reeves. With a degree from Texas Tech in elementary education, she has taught at Seagraves for ten years. Mrs. Grimes has three daughters.

Miss McCarthey, who taught a year in Austin, will teach fourth grade at Rex Reeves. She holds a BA from WTSU.

Mrs. Parks, whose husband, Bob, is principal at Rex Reeves, will be librarian at Gene Howe, replacing Elizabeth Wilson Bellamy. Mrs. Parks taught 13 years in Pampa and two years at Happy. She received her BS and master's at North Texas State.

Elizabeth Veith

Mrs. Seals, who served as a teacher's aide for two years in Canyon schools, will teach first grade at Rex Reeves. She has a BS in elementary education from WTSU.

Mrs. Blake will replace Mary Ann Berry as PE teacher at Rex Reeves and Mrs. Berry will take over as librarian there. With a BS in physical education from the University of Arkansas, Mrs. Blake served last year as a teacher's aide at Canyon Junior High.

Teachers hired for the high school include Jeff Bearden, Linda Bingham, Yvonne Goodnight, Donna Hilton, Jane Munsell, Beth Remlinger, Jane Stephens and Barbara West.

Bearden, who holds a degree in math from Baylor University, taught in Lubbock for 10½ years, and at O'Donnell and Slaton for a total of three years. He comes here from Dunbar High in Lubbock.

Bearden will replace Alton Fields as a coach and math teacher. He and his wife, Carol, have a son. Mrs. Bearden is a receptionist at the Canyon district administrative office.

Mrs. Goodnight will replace Georgia Lee at the high school as the vocational office education teacher. She holds a degree in business from WTSU and taught in Amarillo three years.

Mrs. Hilton, who has taught previously in El Paso, Amarillo, Wichita Falls and Happy, will teach a new special education class at Canyon High. She holds a BA from the University of Texas at El Paso and a master's from West Texas State. Her husband, Steve, will teach choir at Canyon Junior High.

Hilton, who replaces Travis Angel, holds both bachelor's and master's degrees in music from WTSU. He has taught two years in Wichita Falls.

Mrs. Munsell will replace Rick Mantooth at the high school teaching English. She holds bachelor's and master's

degrees in English and history from WTSU. Her husband, Darrell, is a history professor at WT.

Mrs. Remlinger has taught previously in Houston, Pasadena and Sikeston, Mo. With a degree from Hendrix College in English, she will replace Mrs. Sammie Mantooth as a CHS English teacher. Mrs. Remlinger and her husband, Steve, a chiropractor, have two daughters and a son.

Mrs. Stephens, whose husband, J. Pat, is a professor of political science at WTSU and a member of the city board of commissioners, will teach social studies at the high school.

She holds a BA in French and history from WTSU and has taught before in Canyon schools. She has also taught in Amarillo and Columbia, Mo. The Stephens have two children.

Mrs. West, a Texas Woman's University graduate, will replace Cathy Cameron at the high school teaching home economics. She has taught before in Sanford-Fritch, Patton Springs and Childress. Her husband, Jimmy, teaches at River Road.

Other new junior high teachers are Rick Hittinger, Beverly Plank, and Elizabeth Vieth.

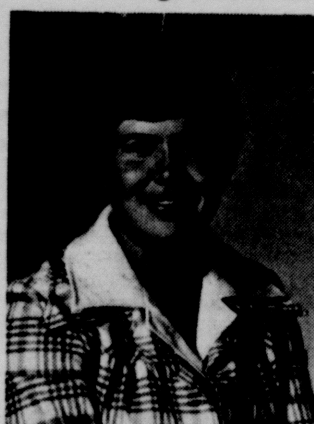

Hittinger replaces Richard Bales at the junior high as band director. He has taught four years in Happy and holds bachelor's and master's degrees in music from WTSU.

Mrs. Plank has taught two years in Houston and holds a degree from WTSU. She will teach the special education class at the junior high taught last year by Mrs. Pat Blair. Mrs. Plank and her husband, Rhett, have three daughters.

Miss Vieth will take the junior high homemaking class taught last year by Mary Harrison, who has been transferred to the high school faculty. Miss Vieth has a bachelor's degree from Texas Tech.

## Inservice letters mailed teachers

Schedules for the inservice training were mailed to CISD teachers this week.

Teachers who do not receive a letter soon are asked to notify the central administration office.

## Band uniform time

Band uniform fittings will be held from August 16 to August 24, band director J.W.

King announced. This schedule is a change from his original plan which he had mailed to all the members.

Seniors will be fitted on August 16-17; juniors on August 18-19 and sophomores on August 20-24.

Bandsmen are to go to the Monarch Cleaners to be fitted. They will need white gloves, white band shoes and white suspenders.

The Canyon band will first perform at the Monterey, Lubbock game September 4.

## Lessons begin for preschool

In addition to regular school services, the Canyon school district provides early childhood education programs for children from ages three through five who may have difficulties upon entering elementary school.

Individualized instruction is offered in language and communications skills, social development and self help skills, as well as in health and safety skills concepts. Also, a language and learning program for children with perceptual problems is provided. For children who might have difficulty in regular classes a resource class is provided to aid them.

## Sophomores - Juniors - Seniors

Britain Studio Is Again Offering High School Students A Summer Portrait Special. Because Britain Studio Refused To Submit To The Ridiculous Guidelines (By Lowering Quality And Raising Prices) Set By The Holdover Members Of The Canyon School Board, These Pictures Cannot Be Used In The Yearbook. For Reasons Known To Only A Few, Yearbook Pictures Will Be Taken At School.

We Only Offer Top Quality, Fully Retouched Living Color Portraits At Reasonable Prices.

## September deadline for compliance

Administrative assistant W.V. McAlpin said that the Canyon School District is not complying with the tenets of Title IX in requirements concerning corporal punishment, boy's hair length, co-educational physical education and several other areas.

McAlpin has recorded results from a self-evaluation taken during the spring and summer to determine compliance with the act, which orders non-discrimination for school districts which receive federal funds.

Some of the areas McAlpin has identified which do not comply with the title are: hair requirements for boys, corporal punishment policies for boys and girls, review of audio-visual materials and employment lists for vocational education jobs.

The federal office of Civil Rights requires that the school district file a statement with the law by September 30.

McAlpin said that if the school district wants to continue to receive federal funding that it must comply with

the rules established under Title IX.

An OCR official said last spring that the Canyon district's hair code for students would not comply with the Title IX rules. He said that the double standard in hair length requirements is outlawed under Title IX.

McAlpin said that the district continues to have a double standard in providing corporal punishment, with corporal punishment being accepted for boy students, but not for girls.

He said that this problem could be resolved if the board would adopt a policy making corporal punishment optional to the student.

He suggested that physical education classes in the high school level be integrated and that co-ed classes be taught by both men and women teachers.

McAlpin said that the district should guarantee that all audio-visual material that is to be used in the classroom be reviewed before showing to students to avoid stereotyping men and women.

Jerry Bigham, teacher-coordinator at Canyon High School urges all junior and senior students to come by the vocational building to get applications for the Distributive Education program. All interested students are asked to pick up an application prior to the regular school registration on August 17 and 18.

Bigham teaches the class three times each day beginning at 7:30 a.m., second period and third period. Students in the program learn about business related and marketing situations. This includes such areas as advertising, merchandising, public relations, job interviewing, public speaking and learning about specific materials.

According to Bigham, most students attend regular classes in the morning hours and then go to training stations in the afternoon. Mr. Bigham helps the student to find a job so as to help him to

begin his training and then he works with the employer to see what he is learning.

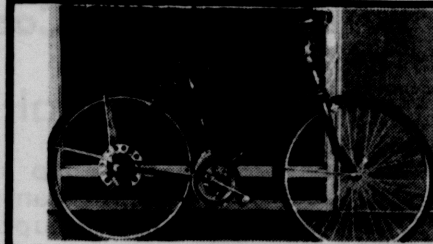

Under this program, a student can receive six credits for a year's work or two credits for a quarter.

D.E. is associated with a youth organization called

DECA to provide for fund raising activities, projects and various contests.

## Start of school gives mom free time

Packing your children off to school again can make for some hectic moments. But once they're settled and on their way, what will you do with all that spare time you suddenly find on your hands?

Why not try some of these ideas?

- Take lessons—tennis, needlepoint, piano or even sculpture. Take up something that you've always said you'd learn "one day."

- Form your own private "health spa" with a

group of your friends.

- Get tickets to a play, go to the movies, read that "good book" you've been saving all summer. Now's the time to catch up on the projects that are important to you.

Summertime is a wonderful season with lots of good weather and outdoor fun. But back-to-school can be just as rewarding as a quiet period of rest and renewal for busy Moms who have worked hard all summer long!

# Sandwich time at "school"

By BECKY HALL  
County Extension Agent

Today's trend is to "carried" lunches or to light lunches supplementing food purchased at work or school. Mainstays of these lunches are usually sandwiches. To be ample, nutritionally, the "carried" lunch should supply one-third of the day's food requirements for calories, protein, vitamins, and minerals.

A lunch menu, therefore, should include a protein-rich food, fruit, vegetables, enriched or whole grain bread, and butter or margarine. Appetite appeal is enhanced through variety and correct packaging materials.

As an aid to the budget, plan weekly menus that allow for lunches, such as roast beef slices and cake wedges. Enriched bread and buns for sandwiches are ample nutritionally and, penny-for-penny, are a good food buy.

The best lunch in the world, packed full of vitamins and minerals and energy producing foods won't do much good if it is not eaten. So, in planning lunches give them what they like, but do not stop there. If they think they do not like carrots—try peanut carrot sandwich filling.

Eye appeal has a great deal to do with eating. Wrap sandwiches separately in waxed paper or regular sandwich bags. Instead of placing lettuce in sandwich, wrap moistened lettuce in waxed paper to prevent wilting. It can be placed in sandwich when ready to eat. And wrap each sand-

wich separately. Do not cut the sandwiches in two unless requested. They keep better uncut.

Some little tidbit tucked in the corner of the lunch box after the essentials are taken care of is not only good from health standpoint, but is very good for morale, too. Some nuts, raisins, dates, a small piece of candy, or gum are a few suggestions. Even a pickle makes a contribution by making the meal more palatable.

## SOME SUGGESTED SANDWICH FILLINGS

### Eggs

Hard cooked, served whole, sliced or chopped and seasoned. Filled with ground meat combined with egg yolk. Chopped and mixed with various ingredients into a sandwich spread.

### Cheese

Ground cheese, mixed with pickle or chopped meat or vegetables. Cottage cheese mixed with chopped peanuts. Cheese spreads, sliced cheese.

### Others

Peanut butter with carrots or honey; orange marmalade or relish. Dried fruits and nuts ground together moistened with cream, mayonnaise or fruit juice. Mashed baked beans. Rai-

sins, carrots, peanuts ground together and moistened with mayonnaise.

## RECIPES

### Stuffed Eggs

4 hard cooked eggs	1 can strained liver or
1 Tbs. melted butter or	beef hearts
margarine	

Cut eggs in half lengthwise. Remove egg yolks. Mash with a fork. Add meat and melted butter. Blend well. Refill egg whites with mixture. Chill.

### Pork and Egg Sandwich Filling

1 can Junior Pork	1 Tsp. mayonnaise
1 hard cooked egg, finely	Salt to taste
chopped	

Blend and chill. Sufficient for 3 sandwiches.

### Bacon-Cheese Sandwich Spread

1 3-oz. package cream	1/2 Tsp. horseradish
cheese	1/2 Tsp. Worcestershire
1/4 cup chopped cooked	sauce
bacon	1 Tbs. milk

Blend all ingredients well. Store in refrigerator until used. Spread on enriched white or whole grain bread.

### Cheese and Dried Beef Sandwich Spread

1/2 lb. American cheese	1/4 cup butter or margarine
1/2 cup drained, canned or	1/4 lb. dried beef, chopped
fresh cooked tomatoes	

Melt cheese in top of double boiler. Add the tomatoes gradually, stirring constantly. Add the butter or margarine and blend thoroughly. Add the dried beef and mix well. Store in refrigerator.

### Cream Cheese Sandwich Filling

1 pkg. cream cheese	1 Tbs. mayonnaise
---------------------	-------------------

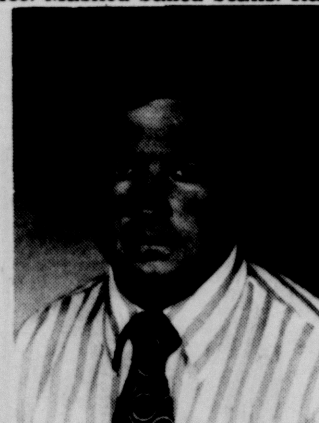

Blend cream cheese with mayonnaise. Cut Boston Brown Bread in thin slices. Spread with the cream cheese filling. Also good to spread one slice with jelly and the other with the filling.

## Short classes

Bob Parks, principal at Rex Reeves Elementary School, has announced that children attending kindergarten will attend classes from 8:30 a.m. until 10:30 a.m. and then in the afternoon from 1:30 p.m. until 3:30 p.m. for the first twelve days beginning August 19. After that for the remainder of the year, classes will be held from 8:30 a.m. until 11:15 a.m. with the after-

noon scheduled for 12:45 p.m. to 3:30 p.m.

As for busing, the students will be picked up from their regular bus at Rex Reeves at 8:20 a.m. and then transported to the kindergarten building. They will be returned to Rex Reeves at approximately 3:30 p.m. so as to be able to catch the regular bus line home.

Rick Hittinger

Beth Remlinger

Vision is key for nearly every phase of school activities — from classroom to football field. The statistics are revealing. Almost 80 per cent of learning depends on vision.

# School room fashions for fall

**BY BECKY HALL**  
**County Extension Agent**  
 Variety is the key to fall youth fabrics and fashions. Rather than one important new look, many different trends and influences are in style.

One major trend is the layered look with blazers, vests, and simple skirts or pants. The look is sportswear in casual separates for both boys and girls. Tartan plaids in wool, woolen blends and many times synthetics with look alike natural appearance, will be featured in coordinated combinations with solids. Natural fiber looks will also be seen in brushed fabrics appearing as leather and suedes.

Corduroys will gradually be replacing denim for both boys and girls. Some will be cotton and polyester blends and others 100% polyester made to look like cotton. Many times the corduroy will be in a knit rather than woven.

The big news is in the ethnic look.

The Indian influence will be

seen in serape stripes and accessories made from these fabrics and with colors such as aztec gold. Jungle prints with South American Indian influence will be seen as well as a Polynesian type print. One of the most important trends — tied in closely to Guatemalan, Mexican, African and even Indonesian batik looks is rather primitive, such as the feeling of itak.

Tunics worn with pants for little girls will be seen and jumpers are good for the fall. Skirt lengths are staying some longer.

Seen this fall will be sweater knit fabrics and sweater sets many with aztec

designs. Jacket, T-shirts and Vest Sweaters will be available.

The new look in closures are ties, up the front, on each shoulder, on the sides of jumpers and tunics. The ties are found both in self fabrics and in trims.

Available to accessorize the newer fall fashions for girls is knee high socks and colored hose. Shoes to coordinate with the fall looks are loafers and oxfords. Many are seen in natural brown or leather looks. Some have a burgandy tone. Shoes feature slight heels and some have crepe soles. Wedge heels will be good again this fall, many will feature stacked wood-

looking wedges, others will have the wedge covered in shoe material. Shoes will have refined trims, many times with self trim.

The leisure look is featured for men and boys in mix and match for a casual appearance. Fewer faded jeans are on the fall scene. Denim is still available, but corduroy is expected to be the front runner in masculine leisure type

wear.

Boys' slacks and jeans are showing a few variations with contrasting stitchings and zipper and pocket details. Watch for influences similar to common uniforms worn by the military and policeman.

Boys' shoes will have very subtle changes with the newest look featuring wedge heels. Many casual shoes for

school will come in finished calf, kidskin and suede and crepe soles will be popular. Their shoes will come in neutrals, heather tones, bark brown, dark earth tones, and red clay.

Diversity is the name of the fashion games this fall. With a little imagination, there is such a wide variety of looks to choose from that it is a game everybody can win.

## Child study

A new child care program will be offered this year for vocational students at Canyon High School.

Approximately 20 students are already enrolled for the course that is designed to equip persons to serve in child care fields. Mrs. Mary Harrison will teach.

Four hours a week will be spent in the classroom and six hours will be held at a day care nursery to give experience in actual child care.

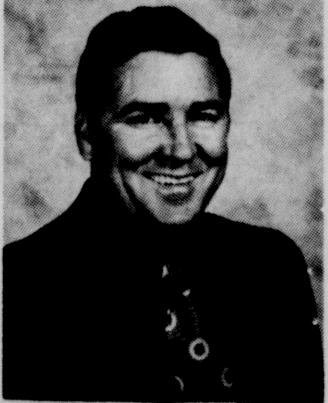

There will be some other changes this year in the vocational education department, said Dr. Kenneth Hart, director.

Between 490 and 500 students are expected to enroll in vocational classes, he said.

In addition to Mrs. Harrison, who transferred from junior high home ec., there

will several new teachers.

Mrs. Yvonne Goodnight will replace Georgia Lee as vocational office education teacher and Mrs. Barbara West will instruct useful homemaking.

Kenneth Ringo

Mary Harrison

Gay Seals

## Grant for study

The secondary school curriculum will primarily aim toward improvement of the present programs, said Ruth Holladay, secondary curriculum director.

The individualized math program, now entering its third year at the junior high, will continue. The special course has been funded by the federal grant of \$35,000 until Title IV.

And a new program for gifted seniors at Canyon High will be developed this year under an \$11,000 federal grant for innovative programs.

The selected students will use a two-hour time block to pursue study areas they select in consultation with a supervising teacher.

Gifted students are defined, Mrs. Holladay said, as those who have exhibited throughout their school career, exceptional intellectual capacity, or outstanding creativity, or psycho-social aptitude or outing motor ability.

The schools will also add to their drug and crime prevention curriculum in a bid for state accrediting.

## Bright colored atmosphere for kindergarteners

Canyon kindergarten students will have a large, brightly colored classroom this year in the remodeled portion of the old hospital building.

But they must do a bit of bus riding to get there.

Youngsters will ride to Rex Reeves Elementary School on

their regular buses, W.V. McAlpin, administrative assistant, explained. There they will transfer to a shuttle bus, the last scheduled bus arriving at Rex Reeves, and go on to the kindergarten building.

In the afternoon, the shuttle bus will return the youngsters to Rex Reeves where

they will board their bus to go home.

Kindergarten students will register with the other Canyon school district students, to attend either the Gene Howe kindergarten or the Rex Reeves branch.

Registration will begin Aug. 17 at 8:30. Students with

surnames beginning with letters A through K will register in the morning and others will register in the afternoon.

All new kindergarten students must register. To enter public kindergarten, students must be five years old on or before Sept. 1.

They must also have had

since their fourth birthday immunizations for rubella, rubella, and DPT and polio boosters.

Parents should bring a birth certificate and an immunization record to registration.

Rex Reeves kindergarten youngsters will be the first students to use the remodeled classroom at the hospital building.

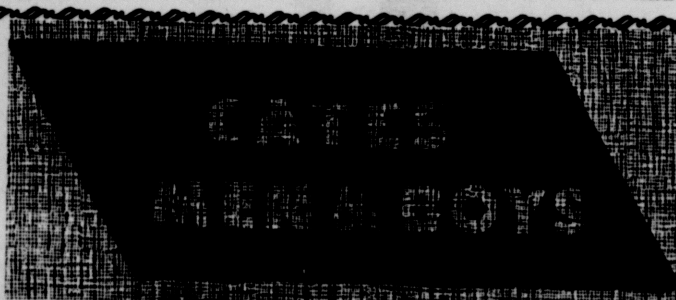

There, the six classes — three in the morning and three in the afternoon — will be a large open room, in which the separate activities will be grouped in learning centers.

Tall, easily moved shelving units will separate the different areas. Youngsters will have an assigned teacher, but will see other teachers at the

different learning centers.

The kindergarten program at Gene Howe will remain in the traditional self-contained classrooms.

Hours for the kindergarten classes have not yet been made final, school authorities say. Parents will be notified of the session times at or before registration.
